

Dear Parent:

As part of our ongoing commitment to prepare students for the SAT®, we have partnered with the College Board—the test maker—to provide students with The Official SAT Online Course™. It's the only online course with official practice tests just like the ones students will see on test day. The Official SAT Online Course features:

- 18 lessons that include interactive activities and multimedia content;
- Six practice tests and over 600 practice questions to get students ready with questions just like the ones they'll see on test day;
- Personalized score reports and detailed answer explanations to help students understand where to focus additional study; and
- Sample essay questions with student responses to help them prepare for the SAT essay.

The Official SAT Online Course is available 24 hours a day from any computer with Web access.

We are proud to announce this service, and hope that your child will take advantage of this powerful online tool to help prepare for the SAT.

To participate in the program, students pick up registration code from Ms. Tirschman in the Library, Ms. Pirie, Ms. Dunn, Ms. Schaeffer or Ms. Book.

Sincerely,

The SAT Committee
Patapsco High School and Center for the Arts
